The Jackson (NJ) Pathfinders are a group of volunteers who map, mark and maintain trails for nature appreciation, hiking, bicycling and equestrian use. We also identify and propose possible new trails. We seek to encourage public support for preserving open space for future generations.

The Pathfinders function under the direction of the Jackson Recreation Department, work with the Environmental Commission and receive support from the Town Council. We are also proud to be the community advocacy group for New Jersey's Forest Resource Education Center, located here in Jackson.

If you would like additional information about the Jackson Pathfinders and our events, contact Karen Walzer, our publicity representative, at [KAW920@Yahoo.com](mailto:KAW920@Yahoo.com).

We hope you will join us for this special event!
